**Book Share**

**Replace traditional school discipline with a proven system, founded on restorative justice**

In a book that should become your new blueprint for school discipline, teachers, presenters, and school leaders Nathan Maynard and Brad Weinstein demonstrate how to eliminate punishment and build a culture of responsible students and independent learners. In Hack Learning Series Book 22, you learn to:

- Reduce repeated negative behaviors
- Build student self-regulation and empathy
- Enhance communication and collaboration
- Identify the true cause of negative behaviors
- Use restorative circles to reflect on behaviors and discuss impactful change
